Air Ship Flights.

Associated press dispatches last week told of the wonderful trip made by Beachy in New York City. This skilled aeronaut took his big ship over all the tallest sky-scrapers of New York and finally landed at the Battery in a crowd of thousands upon top of thousands who had been attracted by the novel sight. Beachy is an employe of Roy Knabenshue, who has been engaged for the week of the Blue Grass Fair at Lexington August 12th to 17th. A ship exactly like that used by Beachy will be used at Lexington, but the Blue Grass Fair will have the advantage of having Mr. Knabenshue himself, who is conceded to be the most skilled American in designing and flying airships. He will make two or three ascents each day.

Henry-McKinney.

Mr. Leming Henry and Miss Mattie McKinney were married at the home of the bride's sister, Mrs. Emma Mountz, near this city Thursday. The Rev. R. A. Irvin officiating. The young couple left on the afternoon train that day for Lexington where they will reside.

The Glorious Fourth.

Today is the day of the big picnic in Clay City. We are all expecting a large crowd in the town and an enjoyable time. The Junior order has certainly spared neither time, pains nor money to make the day a crowning success when it comes to a general celebration of the nation's birthday, and if it is not a success, no blame can be laid to the Junior boys. All our business men extend a welcome hand to our visitors and trust to see them with us again, but hope it will not require another Fourth of July Celebration to get them here. We hope we have business attractions in our thriving little city to induce the majority of the visitors that will be here today to come again and very often too before the next Fourth. A pleasant day to all.

Christian Church Convention.

The Thirteenth District Convention of the Christian Church, embracing the Bible School Association and the Christian Woman's Board of Missions, will be held at Clay City, Powell county July 18-19. The Thirteenth District is composed of the counties of Breathitt, Estill, Lee, Powell and Wolfe, and it is expected that a large delegation will be present from the churches of the district. The first days sessions will be occupied by the C. W. B. M. and the second by the Bible School Association. A very, interesting, practical and helpful program has been arranged, providing for conferences and discussions, with addresses by prominent workers of the district.

House Burned.

J. W. McKinney, formerly of this county, and so well known to our readers lost by fire Friday night his nice home just outside the Winchester city limits with no insurance. The origin of the fire is unknown. Joel, his son, returned from Winchester at about 11 o'clock and found the house in a blaze. He aroused the family, but succeeded in only saving the piano of all the contents. There was \$1,500 insurance on the building and \$550 on the contents.

Death of D. D. Potts, Sr.

D. D. Potts, of Irvine, an uncle of D. D. Potts, of this county, and a brother of the late James Potts, died at his home near Irvine Wednesday June 26, and was buried by the side of his wife at Powell's Valley on Thursday evening at 4 p. m. Quite a large crowd of relatives and friends were there to pay their respects to the departed. Elder A. Easter conducted the burial services.

The End of Small Pox.

The small-pox cases near Virden are all about well, and if no new cases develop by Saturday, Dr. Williams who has had charge of all the patients, will fumigate the infected houses and lift the quarantine. There has not been a death in the county, and it seems that with the start the disease had of the officers, it is indeed fortunate that no wider

spread of the dread disease was made.

That Bridge Fund.

In another column we publish all the money subscribed to the Bridge fund for the Walters' Ferry bridge which will be put up in a short time. We will not publish this in full again, though we will later publish the amounts paid by each individual.

Surveys have been completed for the big cement plant at Stanton and the railroad company has had a spur line staked off to the site. Work on this will begin in a few days, and the machinery for the plant will soon be shipped. This is a big thing for Powell county and when put through will be of unestimable value to the county's business.

The Court of Appeals has sustained the Clark Circuit Court in the Marcum damage suit. The lower court gave Mrs. Abrelia Marcum, widow of the late J. B. Marcum, who was murdered in Jackson a few years ago a judgment for \$8,000 as damages against Judge Hargis and Sheriff Callahan for the alleged complicity in the murder.

The State Board of Health is

sending out circulars calling attention to the large number of deaths which result every year from the celebration of the Fourth of July, and urging all cities and towns to lay in a supply of tetanus antitoxin beforehand.

Sheriff's Sale.

ANNOUNCEMENTS.

For County Clerk.

We are authorized to announce CHAS. EWEN candidate for County Court Clerk, subject to the action of the Democratic party.

For Jailor.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

Miss Knox, of the Stanton Graded School, has taken the State examination and secured a State certificate. Miss Knox held already a first-class county certificate. This paper through incorrect information in giving an account of the May examination stated that Miss Knox passed that examination and was granted a second-class certificate. This was doing the young lady an injustice which we hasten to correct by giving the above information and offering the young lady our apology. It was a mistake that any one was referred to as receiving a second-class certificate. We never aim to publish these facts. It is not our purpose to give any information that would have a tendency to underestimate any one's qualification as a teacher, for according to our observation it requires a great deal more learning to justly acquire a third-class certificate than it used to do to get a first-class. A well qualified teacher may sometime now fail in the examination. The questions are entirely too rigid, and so deviating from the common school text books, that it seems to us an unfair proposition.

To The Public.

I have leased my studio to Mr. I. S. Watts, a splendid Photographer who will be pleased to make your photos at reasonable figures. Mr. Watts is a skilled workman capable of turning out the best of work. I cheerfully recommend him to my old patrons.

J. W. Henry.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

George W. Wells has given the right of way on the north bank of the river.

This is a Fact.

The following sensible advice from the Estill Herald will apply equally as well to Clay City as to Irvine:

"Irvine is no longer a country village. We have a town of 1,500 inhabitants, and the constant demand for houses attests that this number will be increased to 2,000 before the first of next year.

Why not our merchants confine themselves more strictly to particular lines, and more complete lines. It seems to us that this is the only way to hold the local trade, and it is certain that this is the only plan to secure a portion of out side trade.

When a fellow has to select his neckware, clothing, etc., from the same counter on which is stacked bacon, flour crosscut saws, fly paper, and a general mess of stuff, its easy to see why so much trade goes to Richmond and other places. If our merchants will divide up the departments, and add a better and more complete stock to some particular line, we believe they can command most of the trade that now goes to other places.

I. S. Watts, of Winchester, has leased the photograph studio of J. W. Henry and is now doing business at the old stand.

Fred Ware has been employed to teach the school at Todd school house near this city. He began the school Monday morning with fair attendance.

Mrs. Dora Calis, of LaGrange, is the guest of her brother, J. R. Skidmore, on Hardwick's creek. Mr. Skidmore, who has been an invalid for a number of years, seems to be growing worse.

The protracted meeting is in progress at the Christian church in this city. Elder W. J. Cocke, who is assisting Pastor Verco is a power in the pulpit. He is drawing good crowds and much good is expected from his forceful sermons.

While examining a revolver Wednesday night, Wm. Lowe and Jesse Eaton received flesh wounds, Eaton in the hand and Lowe in the leg. The pistol was dropped to the side walk and was thus accidentally fired with results mentioned.

Miss Bertha Mapel, of Clay City, stopped in Beattyville on her way home from Estill Springs Monday, to pay a little visit to her father, Sid Mapel. Miss Mapel is postmistress at Clay City and is a very attractive young lady.—Beattyville News.

Louie Bradley has won his suit in the Circuit Court against the insurance company for \$1,000.00 life policy of Kinney Bradley deceased. The company refused payment of this policy on the grounds that the deceased had tuberculosis when the policy was granted.

R. C. Hall, Mrs. Sarah Hall, J. M. Williams and others have brought suit against Swann-Day Lumber Co. for \$3,000.00 alleged damages for injury to growing crops during the tide of June 3, occasioned by a jam of logs below the lands. The case is now

Miss Patsey Bush visited friends in Lexington a few days the first of the week and was accompanied home Tuesday by her friend, Miss Violet Young, who will be the guest of Miss Bush for a few days.

Increased Coal Output.

Kentucky's output of coal during 1906 was nearly double the total amount mined in the State in 1900, according to the report of the State Mining Department filed with the Governor at Frankfort. The report also shows that the State leads the country in the production of spar and is coming to the front in barytes mining.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at Swann-Day Lumber Co.'s store.

Same Condition in Clay City.

Now that the busy season with farmers is on, great trouble is being experienced in getting help. This is a good reason for enforcing the vagrant law in Richmond. Every day many idle negroes can be seen loafing around the town, but when a job is offered them they refuse. They should be made to move on. Farmers are clamoring for help, and our authorities would do them a good service by compelling the vagrants to give up their positions on the streets and go to work in the country.—Richmond Register.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman, is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Swann-Day Lumber Co.'s store, 50c.

Dress Making.

Miss Kate Hutchinson is now prepared to do all kinds of dress making and sewing. Located in the Red River Hotel.

The "lid" was on tight in Louisville Sunday, and it is regarded as the most successful attempt ever made to close the saloons on Sunday. Four saloonkeepers were arrested for selling intoxicants, and will be cited to appear to show cause why their licenses should not be revoked. Liquor was sold at the pleasure parks which are in the county, and they did a rushing business, large crowds being in attendance at both.

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure.
